

8 Series Cardio with OpenHub™

Our dedication to innovation has led us to search for new ways to offer the best user experience possible, and nowhere is the effort more evident than in our 8 Series cardio. With four decades of experience and a history of innovation behind the 8 Series, it is sure to give you the quality and performance you expect from a high end machine with an all new level of functionality.

Built in are the user focused features you have come to expect from Star Trac, like personal fans, a hot bar with heart rate monitoring and Soft Trac® technology. The 8 Series comes with a variety of new connectivity options in the form of the OpenHub™ console. OpenHub™ consoles provide entertainment, fitness tracking and asset management solutions. Give your members and staff the complete fitness experience by adding new 8 Series cardio with OpenHub™ to your facility.

15" EMBEDDED CONSOLES

OpenHub consoles are available on both Star Trac & StairMaster cardio

SMART. AFFORDABLE. FLEXIBLE.

When we set out to design our new console, our philosophy was simple: provide a flexible platform that connects expert partners to provide solutions for every customer for today and into the future. Introducing the new OpenHub™ family of Cardio Consoles. OpenHub™ is a smart, affordable, configurable solution available on Star Trac® and StairMaster® cardio equipment. The best part is, you add (and pay for) only what you want, when you want. The future of club connectivity is here. The future is OpenHub™.
